

OPPORTUNITIES FOR FAMILY INPUT

FEBRUARY 2016 RESOURCE SHARING

Join us...

The Dauphin County Children's Mental Health Committee is interested in increasing family participation on the committee!

The Children's Mental Health Committee is a sub-committee of the Mental Health/Intellectual Disabilities (MH/ID) Advisory Board. This Committee reviews and makes recommendations to the Board on issues related to planning and evaluating child and adolescent mental health programs and service needs, in accordance with a philosophy which is child-centered, family-focused and collaborative with other child serving systems.

The committee is composed of the children's staff from the County Mental Health office, as well as staff from other child serving systems in Dauphin County, and representatives from provider agencies and community organizations. Family input is valued and much needed!

If you are interested in participating or have any questions, please contact Lynn Páscoa at 780-7052. I look forward to hearing from you.
