INDEPENDENT EXPENDITURE

The Campaign Finance Reporting Law at Section 1621(e), 25 P.S. § 3241(e), defines an independent expenditure as “an expenditure by a person made for the purpose of influencing an election without cooperation or consultation with any candidate or any political committee authorized by the candidate and which is not made in concert with or at the request or suggestion of any candidate or political committee or agent thereof.”

The Law further provides for reporting independent expenditures at Section 1626(g), 25 P.S. § 3246(g).

“Every person other than a political committee or candidate who makes independent expenditures expressly advocating the election or defeat of a clearly identified candidate, or question appearing on the ballot, other than by a contribution of a political committee or candidate, in an aggregate amount in excess of one hundred dollars (\$100) during a calendar year shall file with the appropriate supervisor, on a form designed by the Secretary of the Commonwealth, a report which shall include the same information required of a candidate or political committee receiving such a contribution and, additionally, the name of the candidate or question supported or opposed. Reports required by this section shall be filed on dates on which reports by political committees making expenditures are required to report under this section.”

Reporting of Late Independent Expenditures

Section 1628 of the Campaign Finance Reporting Law, 25 P.S. § 3248, requires any person making an independent expenditure of \$500 or more after the final pre-primary/pre-election report has been deemed completed, shall report such expenditure to the appropriate supervisor within 24 hours.
