<b>I.</b>	<b>MAGISTERIAL DISTRICT COURT NUMBER (#####):</b>	12106
<b>II. BREAKDOWN OF MAGISTERIAL DISTRICT - CASELOAD</b>		
<b>A.</b>	Average Total Caseload:	8073
<b>B.</b>	Difference (%) between this magisterial district's average total caseload and your judicial district's average total caseload:	29%
<b>C.</b>	Difference (%) between this magisterial district's average total caseload and applicable class of county's average total caseload:	48%
<b>III. BREAKDOWN OF MAGISTERIAL DISTRICT - WORKLOAD</b>		
<b>A.</b>	Average Total Workload:	71904
<b>B.</b>	Difference (%) between this magisterial district's average total workload and the judicial district's average total workload:	33%
<b>C.</b>	Does this magisterial district have an average total workload that is fifteen percent <i>greater than or less than</i> the judicial district's average total workload?	Yes
<b>D.</b>	<p>If YES, how does this difference impact workload equity within your judicial district?</p> <p>This district is centrally located in our county. It is a major hub of retail businesses, as well as a densely populated region of the county. Population growth and retail industry is not likely to increase much in the future, so the caseload is likely to hold steady. This office is equipped to handle the stresses that come with the area they represent. We are, however, in the planning stages of building a new facility for this district that is larger and would increase the efficiency of the court in disposing of the caseload.</p> <p>There is speculation that non traffic tax filings may be reduced in the near future, which has the potential to bring this office down to the acceptable range of caseload equity for our county.</p>
