Register by emailing DNATraining@dauphincounty.gov Phone 717.635.2254

How to Register:

If you are interested in registering for any of the listed trainings, email DNATraining@dauphincounty.gov.

Even though registrations are handled through our office, you still need to have an account through DDAP's TMS website (<https://apps.ddap.pa.gov/tms/>). If you do not have a TMS account, use the listed website.

For assistance using DDAP's TMS website, contact DDAP's Training Section at 717-736-7452 or email RA-DATRaining@pa.gov.

Case Management Skills Training

COURSE FULL

Sarah Davis, Trainer

Time: Thursday, October 06, 2022 | 9 AM – 4 PM | PCB Credits: 6 | 30 Seats

Location: 1100 S Cameron Street, Harrisburg, PA 17104

This training will build on the information in the online Case Management Overview training. Participants will be provided with skills needed to provide case management services to individuals. Completion of the online **Case Management Overview** module is required before attending the in-person or virtual training. The training can be found here: <https://www.train.org/pa/course/1099140/>

Case Management Overview

Time: On-Demand | Any time before 10/6/22 | PCB Credits: 2 | **Location:** Virtual

Link to training: <https://www.train.org/pa/course/1099140/>

Train.PA account is required. Make an account: <https://www.train.org/pa/>

If you need help creating account, contact: TRAINPASupport@pa.gov

The purpose of this online training is to provide a foundation from which you will build skills and gain a comprehensive understanding of case management. It is not intended to teach you everything you need to know about case management. Rather, this training will guide you through what case management is, how it came about, the core roles of case managers and resources to assist in the delivery of case management.

This module is required to be completed prior to attendance in Case Management Skills Training.

To receive PCB credit, you must attend this On-Demand module and the In-Person Case management Skills Training Scheduled on October 6, 2022 that is listed above. You will not receive PCB credit if you complete the Case Management Overview module without attendance in the Case Management Skills Training.

Addictions 101

COURSE FULL

Sarah Davis, Trainer

Motivational Interviewing: Advancing the Practice

COURSE FULL

Stephanie Thorn & Bernard Showers, Trainers

Time: Thursday & Friday, November 03 & 04, 2022 | 9 AM – 4 PM | PCB Credits: 12 | 30 Seats

Location: 1100 S Cameron Street, Harrisburg, PA 17104

This 2-day training will give participants the information to respond to individuals with empathic, reflective statements, and to identify change talk within individual speech. Participants will understand when and how to use open-ended questions to elicit change talk. This training is followed by an optional and invitational series of 8 monthly learning collaboratives. Inquire with trainer for more information.

Co-Occurring Conditions: Promising Practices and Approaches Parts 1 and 2 (Virtual)

Dorothy Farr, Trainer

Time: Tuesday & Wednesday, December 06 & 07, 2022 | 1 – 4 PM | PCB Credits: 6 | 30 Seats

Location: Virtual

Co-occurring Conditions are no longer the exception but the expectation, requiring our programs to design services that address the inter-relationship among complex physical, psychiatric, and substance use conditions. This curriculum will review up to date principles, terminology, screening, assessment, treatment considerations, and programming guidelines. This interactive program will engage participants through discussion and small group exercise.
